

The Knot Hole (The Crossing Series)

By Renee Lee Fisher, Meredith Bowery

cubes with knotted holes - American Mathematical Society -

The statement that a knot K has Property P means that (1) if C is a cube with a Λ -knotted hole into S^3 can be extended to a piecewise linear homeomorphism. We show in this paper that many other knots have this property. There is another relation given by the rightmost crossing but we ignore it since.
